PREM S

FULL STACK DEVELOPER

RESUME SUMMARY

Dynamic Computer Science graduate with a passion for coding and web development. Proficient in MongoDB, Express.js, React.js, and Node.js, along with HTML, CSS, and JavaScript. Eager to collaborate with diverse teams, build scalable applications, and deliver tailored solutions. Committed to continuous learning and excellence in software development.

EDUCATION

Graduation

Course : B.E (computer science)
College : IFET College of Engineering, Villupuram.
Year of : Graduating in Jul 2024
Passing Score : 7.53/10

Schooling

Class XII

Board Name : State Board
Medium : English
Year of Passing : 2020
Score : 77.2%

Class X

Board Name : StateBoard
Medium : English
Year of Passing : 2018
Score : 63%

PROJECTS

Typing Speed Test Using Python

Developed and implemented an interactive typing game that presented users with sentences to type, while measuring and displaying their typing speed, accuracy, and performance metrics, enabling users to track their progress and improve their skills.

TRACKIT

This application offers an affordable vehicle tracking system for local private buses, focusing on bus schedules. It uses smartphone GPS to track bus locations, eliminating the need for costly GPS devices, ensuring efficiency for road transport management.

Build Interactive QR Code Generator with React.js

The main theme centers on empowering users to easily generate QRcodes that can be used for a variety of purposes, such as sharing contact Information, URLs, or product details. By utilizing React.js, the generator offers a modern and responsive interface, ensuring compatibility across devices and platforms.
